

GRD Youth Basketball Looking for Officials

The games for the GRD Youth Basketball Program will begin soon. We would like to have your help with the program by serving as referees and scorekeepers. Games are held on Saturday or Sunday afternoons at the Intermediate School and the Granville Elementary School. We will pay our referees \$15.00 per game and the scorekeepers \$10.00 per game. To ensure the best experience for all parties involved high schools students will be paired with certified officials.

A mandatory referee clinic has been scheduled for Wednesday November 16th, from 6:00 – 8:00 PM, at the Bryn Du Field House. Bruce Varner and John Klaus will conduct this clinic giving instruction on the basics of basketball officiating. They are certified officials with years of experience at the high school and college level. ***Anyone planning on officiating games this year needs to attend this clinic. You will be paid \$10.00 for attending the clinic.***

Christian Mock will be serving as our head official this year.

Your involvement in our basketball program is needed and is a great benefit to our program, the youth of our community and to you. Involvement in community youth programs looks great on college and/or employment applications. Also, if you become involved, remember that you are role models for these young people and that they are your fans!

Thanks for your help and good luck with your season.

Sincerely,

Andy Wildman
