

Photo Policy

(Adopted 8-11-2011)

Frequently the GRD takes videotape or photographs of people enjoying programs, special events, parks, or facilities. These photographs are for GRD promotions and marketing. They are used at the GRD's discretion and become its sole property. By registering my child or I for a GRD program, I am also giving my consent for my child to be photographed, and for my child's photograph and/or likeness to be used, without identifying my child by name, in marketing material, and on the GRD website.
