PRODUCT DESCRIPTIONS – HOPE TIMBER GARDEN CENTER

Midnight Black, Brick Red, Forest Brown COLOR-ENHANCED MULCH: **Recycled hardwood** (100% clean reclaimed lumber), **ground twice** (medium coarseness), **dyed** with a non-toxic biodegradable colorant to maintain a rich color **all season,** yet **safe** for children, pets and plants, **2 cf Bags**

ORGANIC BLACK: PREMIUM Shredded hardwood bark, ground and screened (fine), **dyed** with a non-toxic biodegradable colorant to maintain a rich color **all season,** yet **safe** for children, pets and plants, **Black, 2 cf Bags**

NATURAL HARDWOOD MULCH: Naturally composted hardwood bark, ground twice (medium coarseness)**, Natural dark brown, 2 cf Bags,** Black Sable brand (poorly named – it is brown, not black!

ULTRAFINE HARDWOOD MULCH: Naturally composted hardwood bark, ground three times (very fine)**, Natural dark brown, 2 cf Bags,** Ultrafine Black Sable brand (poorly named – it is brown, not black!

CYPRESS: Natural cypress wood and bark, ground twice (medium coarseness), **Light, golden color, 2 cf Bags,** Lumberjack brand

PINE MULCH: Natural Pine bark chips, Natural red-brown color

- **Nuggets: 2-3 inch pieces,** largest chip, long lasting, ideal for paths and playgrounds**, 2cf Bags**
- **Mini Nuggets: 1-1.5 inch pieces,** medium size chip, look great in the landscape**, 2cf Bags**
- **Pine Mulch or Soil Conditioner: Nickel and dime size pieces,** smallest chip, breaks up clay, amends soil, look great in the landscape, **2cf Bags**

PLAYGROUND CHIPS: Chips of virgin hardwood direct from a sawmill, IPEMA for safety compaction factor, clean and durable, light wood color

ALL OF THESE MULCHES:

- COMPOST NATURALLY (finer mulches compost more quickly)
- ARE ORGANIC
- CONSERVE MOISTURE IN THE SOIL
- MINIMIZE SOIL EROSION AND COMPACTION
- HELP MAINTAIN SOIL TEMPERATURE CONSISTANCY
- HELP CONTROL WEEDS
- ENHANCE THE LOOK OF THE LANDSCAPE
