EXECUTIVE DIRECTOR'S **note**

Greetings GRD Residents,

The GRD has been fortunate to experience significant program growth over the last few years. The driver's education program has been a smashing success. The concert series features extremely talented groups, including some excellent local artists. We are expanding and revamping our already robust spring and summer programs. I am also predicting the largest field in the history of the 4th of July Egg Toss.

To continue the excitement and growth, we need your help. Acquisition and retention of employees and volunteers has become very challenging. As the GRD's leadership team works to obtain and retain quality part-time staff, program volunteers, and contract employees such as sports officials, you can help by:

- Consider working or volunteering at the GRD. We have a wonderful community, and we believe your experience will be enjoyable and fulfilling.
- If you can't work or volunteer at the GRD but know someone who might be interested, please contact them.
- Please help us retain part-time employees, volunteers, and sports officials by recognizing that positive and respectful conversations improve everyone's experience.

If you become frustrated with a situation, please contact a GRD staff member. Staff phone numbers and emails are available at granvillerec.org. If you prefer to contact a GRD Trustee, their contact information can also be found at granvillerec.org.

We strive to return calls within 24 hours, pending the time of day and issue at hand. If you are having a hard time reaching a staff member, please call me directly at 740-644-0325, and I will be happy to talk with you.

Your experience is important to our team, so please reach out if you have an issue!

Sincerely,

Andy Wildman
Executive Director
